As we move forward into the legislative session we will all be working on the beer tax. Our chances are better than average this session because legislators will be looking at ways to fund Measure 57 Addiction Treatment mandates, and will be looking at ways to preserve our federal match for substance abuse treatment block grant dollars from SAMHSA.

The March 15 Newsletter will contain the new Beer Tax brochure describing the House Bill number and the points we wish to express to legislators and the general public regarding the wisdom of increasing taxes on malt beverage products to fund treatment, recovery and prevention services.

What can you do?
1. Stay tuned for the Beer Tax brochure in the next newsletter. Study it and write letters to your legislator.
2. ACCBO will continue with it’s “Principle 12 Series” of free homestudy courses. These courses will help arm you with the facts that you need to contact legislators and to speak effectively with policy makers and Oregon voters. Obviously, it is important that you make contact with your legislators. Write letters to them, letting them know that you support treatment and it’s cost effectiveness. The next ACCBO “Principle 12 Series” Homestudy will be focused on the cost of substance abuse in Oregon.
SUBSTANCE ABUSE PREVENTION PROGRAM (SAPP)

Continuing Education Hours (CEU’s) - ACCBO Accredited Continuing Education

SAPP offers specific coursework, required by the Addictions Counselor Certification Board of Oregon (ACCBO), towards earning the Certified Alcohol Drug Counselor (CADC) and Certified Prevention Specialist (CPS). For additional information about required courses go to sapp.uoregon.edu.

Non-traditional students and working professionals are encouraged to enroll in SAPP courses to meet their ongoing professional needs and Continuing Education requirements. In addition to offering all courses required to obtain a CADC I, II, III, and CPS, SAPP offers small trainings and large seminars for Continuing Education Hours (CEU’s).

Continuing Education Seminars for April and May 2009

Beginning DSM IV: $75 10 hours
Sat & Sun 9 – 2:20 April 18 & 19, 2009
Dianna
Develop an understanding of one of the dominant models in the mental health field, that of psychiatric assessment and diagnosis, and psychiatric disorders. Understand the role of psychiatric services in providing intervention services to clients.

Dianna Rodgers is a Licensed Clinical Social Worker who has been in the field of mental health for the last nineteen years. Ms. Rodgers is currently working for Lane County where she reviews treatment plans for the Oregon Health Plan and participates in site reviews at local agencies.

40 Developmental Assets (CPS) $75 10 hours
Sat & Sun 9 – 2:20 April 25 & 26, 2009
C.A. Baskerville
Research by Search Institute has identified 40 developmental assets help young people make wise decisions, choose positive paths, and grow up competent, caring and responsible. Furthermore, research shows the more assets a young person has in their life the less likely they are to become involved in risky behaviors.

C.A. Baskerville currently serves as Lane County's Prevention Coordinator and also serves as the lead staff for Lane County's Health & Human Services prevention and behavioral health planning efforts.

Anger Management $75 10 hours
Sat & Sun 9 – 2:20 May 16 & 17, 2009
John Aarons
Participants can expect to learn the fundamentals of this skill-based, cognitive-behavioral approach in a fast moving, interactive style that challenges many assumptions about anger and other emotions. This nationally recognized Options to Anger program originally designed by the presenters, was created for group work with angry and violent adolescent offenders, it often becomes apparent to participants that the principles and concepts are applicable to a wide diversity of persons and contexts.

John Aarons is the Competency Coordinator at Lane County Department of Youth Services in Eugene, Oregon where he has worked for the past twenty plus years.

Cultural Competency (CPS) $75 10 hours
Sat & Sun 9 – 2:20 May 16 & 17, 2009
Pauline Martel
Understanding cultural competence is vital in prevention. This class will include "hands on" activities to assist the prevention practitioner in understanding many cultures in their communities. From initiating a prevention plan, to the final evaluation, an understanding of the needs of target populations is imperative for obtaining effective prevention outcomes and best use of community resources.

Pauline Martel, BA CPS (Certified Prevention Specialist), is currently the Director of Youth Services, Prevention and Training for Adapt, a private non-profit Alcohol and other Drug Prevention and Treatment agency serving Douglas, Josephine, and Coos Counties.

**Do you have challenging marijuana primary clients?**

Up In Smoke is a four hour educational intervention for marijuana primary clients. Up In Smoke is NOT a treatment program. It is an adjunctive 4 hour intervention that can be used with your treatment clients.

Up In Smoke is used by DUII treatment programs, EAP’s, probation/parole officers, drug courts, judges, attorneys, county evaluators, the Oregon Board of Pharmacy, and the OHSU Transplant Unit.

Currently, the Up In Smoke 4-hour intensive educational intervention course is offered in Roseburg, Portland, Hillsboro and Clackamas.
- Portland & Hillsboro: Eric Martin
- Clackamas: James Gossett
- Roseburg: Mark MacDonald

For times, locations and information call: 503.491.9748
Upcoming Workshops

February 5-6th – Mt. Vernon, WA
March 12-13th – Yakima, WA

Understanding & Engaging Clients with Addiction and Mental Health Issues
January 22nd – Vancouver, WA
February 12th – Eugene, OR

Workshop Descriptions:

Clinical Supervision I: Building CD Counselor Skills - Increases your skill in assessing clinical skills of counselors in addiction treatment settings, providing performance feedback, and building learning plans to assure continued counselor growth and development. (14 CEUs)

Clinical Supervision II: Managing Difficult Supervisory Situations – Assesses prior participation in CS I. Provides practice in addressing job performance problems, managing frequently encountered ethical dilemmas, and tips for implementing observation-based supervision. (14 CEUs)

Developing Effective Treatment Plans – Learn to develop individualized treatment plans that are specific, realistic, time-limited, measurable and attainable. Practice oriented workshop based on the NIDA/ATTC curriculum, “Treatment Planning MATRS”. (7 CEUs)

Introduction to Using Motivational Incentives – 3-hour workshop describes effectiveness of the fishbowl method and other incentive strategies that improve client retention in treatment. Based on the NIDA-SAMHSA product, “Promoting Awareness of Motivational Incentives (PAMI). (3 CEUs)

Supervisory Tools for Enhancing Counselor Motivational Interviewing Skills – Clinical supervisors learn to use the NIDA-SAMHSA product, “Motivational Interviewing Assessment: Supervisory Tools for Enhancing Proficiency (MIA:STEP). The workshop builds supervisor ability to maintain and develop counselor MI skills. (14 CEUs)

Understanding & Engaging Clients with Addiction and Mental Health Issues – Learn a framework and practical strategies for engaging and treating individuals with co-occurring disorders. The first in a series of workshops designed to help counselors and programs find realistic solutions for a complex health care issue. (7 CEUs)

Accredited by
The Addiction Counselor Certification Board of Oregon
and The National Association of Alcoholism and Drug Abuse Counselors
Course Descriptions

Addiction Pharmacology 18 hours
A three day course that meets prerequisite requirements for CADC & CPS. This course includes: the basics of human physiology, rules of pharmacology and the drugs of abuse categories. Excellent course for pre-test brush-up. Presented by: Johnson, M.A., CPS & Martin, M.A.C., CADC III, CPS

Infectious Disease Risk Assessment Risk Reduction 6 hours

Professional Ethics for Chemical Dependency Counselors 12 hours
This two day workshop meets the prerequisite requirements for certification. This course explores Professional Role, values, especially values based on cultural differences, Dual Relationships, NAADAC Ethical Principles, Ethical Decision-making, etc. Presented by Johnson, M.A.,

Group Counseling Skills 18 hours
This three day interactive course meets the prerequisite requirements for certification. This course will give participants an understanding of basic group dynamics, leadership styles, stages of development, and how to use facilitation skills. Through the use of experiential exercises, lectures, written materials, this training will assist in gaining and practicing effective techniques, including science-based best practices such as Stages of Change. Presented by Johnson

Basic Counseling Skills 18 hours
This three day course meets the prerequisite requirements for certification. Through lecture, skill demonstration and practice, participants will have the opportunity to understand counseling in its most basic parts and practice the skills contained therein. All skills will be drawn from evidence-based practices. Participants will create video and review a video tape counseling interaction. Presented by Wheeler, CADC II.

Gangs: Risk Assessment and Intervention 6 hours
Explore types of gangs, learn to assess for risk of gang involvement, identify stages of involvement and proven intervention strategies for both Hispanic and African-American clients. Taught by; Ashley Brown, CADC I, GIS, QMHA, and Perrell Brown, CADC I, GIS

Transforming Grief 6 hours
The losses clients experience are immense. Helping them work through grief holds the potential for healing and wholeness. Learn strategies to help your clients discover the vital information their grief has to offer and how to use it in their recovery. Taught by Marilyn Cady.

Resolving Client Shame 6 hours
This workshop will focus on a model for understanding and exploring shame issues, and the impact of those issues on recovery and relapse. We will apply evidence-based counseling practices that support the client’s resolution of their shame issues. Led by Sarah Wheeler, CADC II

Public Spirituality 6 hours
This workshop will introduce a framework for addressing a person’s spiritual life, using a common language that honors one’s unique spiritual identity. Participants will become familiar with the workbook, 7 Steps to Finding your Spiritual Life which features a strength-based, spiritually-grounded approach to recovery. Taught by book’s author, Lisa Langford

Theories of Addiction Treatment and Counseling (pre-test brush-up) 12 hours
This two day course covers 54 theories, including research-based principles of effective drug treatment along with traditional counseling theory. This course is designed as a refresher for the theories section of the National Certification Examinations. Includes test taking strategies. For counselors with less test experience Presented by Eric Martin, M.A.C, CADC III, CPS.

The Teaching Side of Treatment 12 hours
Developing good teaching materials with or without fancy technology. Participants will learn the principles of learning and teaching and how to apply them to special needs of addicts in treatment. Leave with the beginnings of a usable teaching product. Participants will need to bring their own laptop computer and materials for developing a teaching module. Presented by Johnson, M.A.

Treating Marijuana Dependence 6 hours
This one day course covers NIDA best practices with marijuana dependent clients, educating clients around the scientifically-defensible research on the health consequences of marijuana use. The increasing potency of marijuana and neuropharmacology of THC. Review of Marijuana Treatment research and the CYT EBP. Presented by Eric Martin, M.A.C, CADC III, CPS.

Client Counselor Boundary Issues: Resolving Transference and Countertransference 12 hours
This two day course will enhance skills in recognizing and resolving transference and countertransference with addiction treatment clients, enhance awareness of counselor vulnerability for boundary problems, and will assist in developing a plan to avoid boundary violations. Presented by Johnson, MA

Co-Occurring Disorders: Screening and Assessment 12 hours
This workshop will review the principles of COD-substance abuse and mental health disorders, and criminality, in light of substance-induced brain injury. Participants will practice using validated screening and assessment instruments using TIP 42 (provided). Taught by Kathleen Tomlin, LPC, CADC III, & Nikki Johnson, MA
Evidence Based Practice Workshops

Advanced Group Skills: Motivational Interviewing 18 hours
This three day workshop follows the Group Skills training. Participants will advance their skills in group facilitation, with practice and feedback. Special emphasis will focus on utilizing M.I. in group process. Will include trainer’s new book. Presented by one of Oregon’s premier MI trainers, Kathyleen Tomlin, M.A., LPC, CADC III.

Addiction and Personality Disorders 6 hours
This workshop will explore the world view and interpersonal style of clients with Cluster B personality disorders, examine the impact of drug use on the expression of pathology, explore strategies for engagement and retention, and learn to appreciate the “pathology” of early abstinence. This workshop also contains an overview of psychiatric EBP’s with Personality Disorders and overview of the limited research on Co-occurring Disorder EBP’s, including Dialectical Behavior Therapy. Taught by Nikki Johnson, MA.

MI: Theory and Practice 12 hours
This workshop will ground participants in the theory and skill of this evidence based practice. Participants will practice the skills and strategies of MI. Presented by MI author Kathyleen Tomlin, CADC III, LPC.

Curriculum-based Motivational Group 6 hours
This workshop will provide you with everything you need to facilitate a five contact motivational group. Every activity is designed to further client motivation. A manual with rationale, structure and reproducible handouts is provided. Taught by Ann Fields, M.Ed., CADC III.

Managing Client Records with ASAM 12 hours
ASAM Made Easy has been morphed into a two day workshop. The most common finding State Auditors have with client records is treatment plans. Adding this to ASAM should be a great help to people struggling with paperwork. Taught by Kathy Tomlin, MS, CADC III, LPC.

Treating Codependency 6 hours
Counselors will learn to help clients recognize codependent behavior as an ineffective attempt to get needs met. Participants will learn a structured process to teach clients how to assess themselves and how to support clients in the process of improving functional capacity. Taught by Sarah Wheeler, CADC II.

Dialectical Behavioral Therapy 12 hours
This workshop emphasizes developing an understanding of DBT and the foundation for developing the skill set necessary to use DBT effectively with a wide variety of clients. DBT helps empower clients to improve emotional containment and develop skills to improve functioning. Participants will gain experience by practicing specific DBT techniques. Taught by Cathy Moonshine, Ph.D, CADC III.

Principles of Understanding Addictions and the Family 12 hrs
Designed to provide an overview of the theories, addictive processes, roles and relational problems that emerge in treatment of families with addiction. Will provide foundation for a future series of one day workshops that will explore special topics on Families and Addiction. Taught by Kelly Washam, MA, CADC I.

Clinical Supervision 18 hrs
Designed to enhance skills for new and experienced clinical supervisors in addiction treatment. Will focus on the specific supervisor roles of assessing and coaching counselors in the skills, knowledge and attitudes (KSAs) necessary for counselor professional development. Taught by Maureen Jenne, MS, CADC III and Janese Olalde, CADC II, CGAC II.
