There are an array of taxes in dispute. These taxes fund a variety of services, including social services such as Addiction Treatment and Prevention.

- **FEDERAL & STATE ESTATE TAXES:** Generally speaking, currently, the first 3.5 million a person inherits is tax free. After 3.5 million the federal tax liability is 45%. Estate taxes are complicated. Oregon also has an “inheritance tax” (or Estate Tax). Wealthy people are attempting to completely eliminate Estate Taxes. This effort is largely occurring at the Federal level.

- **OREGON GAS TAXES:** Former Oregon state Sen. Gary George, a Republican from Newberg, is launching a petition campaign to repeal the six-cent gas tax - and perhaps other transportation fee hikes as well. Insiders have speculated that this petition will be unable to garner the required signatures to make the ballot.

- **THE TWO BIG TAXES IN JEOPARDY:** The 2009 75th Session of the Oregon Legislature voted in two big taxes; 1) an increase in personal taxes on wealthy people making more than $250,000 per year (HB2649), and 2) an increase in the Corporate Minimum Tax (HB3405).

Various groups such as; The Taxpayer Defense Project and Oregonians Against Job-Killing Taxes are collecting signatures for a ballot measure that would repeal HB2649 & HB3405. Oregonians Against Job-Killing Taxes is led by business groups such as; various city chambers of commerce throughout Oregon, the Beer & Wine Distributors Association, various home builder associations, restaurant associations and the Oregon Republican Party.

The “Two Big Taxes” raise about $800 million for the State. If these groups are successful in their signature drives, and are able to pass ballot measures in January to repeal taxes on Oregon’s wealthiest residents, there will likely be major cuts to Oregon’s social services, including Addiction Treatment.

Contact everyone you know, present information regarding the devastating impact of cutting $800 million out of the state’s budget. Inform all your friends, family, neighbors that signing a petition would mean cuts to Oregon’s most vulnerable residents and will put addictions, treatment, and prevention in a precarious position. Tax opponents argue that job losses cause suffering of Oregon’s poorest residents in-need, causing homelessness, unemployment and hunger. Yet, these are precisely the people who will be harmed by tax cuts to Oregon’s wealthiest residents resulting in social service cuts.
Home Study Courses with Katie Evans PhD., NCACII

Pre-approved by: ACCBO, NAADAC, ILLINOIS, NEW YORK, CALIFORNIA, WASHINGTON, NORTH CAROLINA, Many other states, all levels of Certification. Study with international expert in Dual Diagnosis & Trauma.

1. Dual Diagnosis: Counseling the Mentally Ill Substance Abuser 30 CEU’s $175
This course includes trainer’s textbook: Dual Diagnosis: Counseling the Mentally Ill Substance Abuser and true/ false posttest.

2. Treating Addicted Survivors of Trauma 30 CEU’s $175
This course includes trainer’s textbook: Treating Addicted Survivors of Trauma and true/ false posttest.

3. DVD 5-Stage Recovery Model Counseling Addicted Survivors 15 CEU’s $105
This advanced course includes: DVD treatment in action, Dr. Evans using the 5-stage recovery model \ workbook she authored, published by Hazelton, exercises using the client workbook: Understanding Post Traumatic Stress Disorder and Addiction and true/ false posttest.

4. DVD “Unfortunate Hero’s: Treating Addicted Soldier Survivors” 25 CEU’s $145
Get Credits Fast! This course includes DVD, a client workbook study guide, client exercises for practice using a facilitator manual, course information guide, excerpts from Unfortunate Hero’s author publication being release late 2009 and true/ false posttest.

Graduate Certificate in Addictions Counseling

An academic series of six courses providing a broad overview of addictions counseling, concepts of treatment, and clinical skills. The program is intended for human services treatment professionals in the community and graduate students in related fields, to enable them to acquire training and education in science-based practices and to provide the knowledge essential to working with addicted populations.

- For admissions requirements and procedures, see our website at www.ceed.pdx.edu/gcac
- For program advising, contact Kathy Lovrien at lovrienk@pdx.edu or 503-725-8165

# Do you have challenging marijuana primary clients?

Up In Smoke is a four hour educational intervention for marijuana primary clients. Up In Smoke is NOT a treatment program. It is an adjunctive 4 hour intervention that can be used with your treatment clients.

Up In Smoke is used by DUII treatment programs, EAP’s, probation/parole officers, drug courts, judges, attorneys, county evaluators, the Oregon Board of Pharmacy, and the OHSU Transplant Unit.

Currently, the Up In Smoke 4-hour intensive educational intervention course is offered in Roseburg, Portland, Hillsboro and Clackamas.
- Portland & Hillsboro: Eric Martin
- Clackamas: James Gossett
- Roseburg: Mark MacDonald

Accredited by
The Addiction Counselor
Certification Board of Oregon
and The National Association of Alcoholism and Drug Abuse Counselors
Course Descriptions

Addiction Pharmacology 18 hours
A three day course that meets prerequisite requirements for CADC & CPS. This course includes the basics of human physiology, rules of pharmacology, and the drugs of abuse categories. Excellent course for pre-test brush-up. Presented by Johnson, M.A., CPS & Martin, M.A.C., CADC III, CPS

Infectious Disease Risk Assessment Risk Reduction 6 hours

Professional Ethics for Chemical Dependency Counselors 12 hours
This two day workshop meets the prerequisite requirements for certification. This course explores Professional Roles and values, especially values based on cultural differences, Dual Relationships, NAADAC Ethical Principles, Ethical Decision-making and more. Presented by Johnson, M.A.,

Group Counseling Skills 18 hours
This three day interactive course meets the prerequisite requirements for certification. This course will give participants an understanding of basic group dynamics, leadership styles, stages of development, and how to use facilitation skills. Through the use of group practice and feedback, lectures and written materials, this training will assist in gaining and practicing effective techniques, including science-based best practices such as Stages of Change. Presented by Johnson, MA

Basic Counseling Skills 18 hours
This three day course meets the prerequisite requirements for certification. Through lecture, skill demonstration and practice, participants will have the opportunity to understand counseling in its most basic parts and practice the skills contained therein. All skills will be drawn from evidence-based practices. Participants will create and review a video tape counseling interaction. Presented by Wheeler, CADC II.

Gangs: Risk Assessment and Intervention 6 hours
Explore types of gangs, learn to assess for risk of gang involvement, identify stages of involvement and proven intervention strategies for both Hispanic and African-American clients. Taught by Ashley Brown, CADC I, GIS, QMHA, and Perrell Brown, CADC I, GIS

Transforming Grief 6 hours
The losses clients experience are immense. Helping them work through grief holds the potential for healing and wholeness. Learn strategies to help your clients discover the vital information their grief has to offer and how to use it in the recovery process. Taught by Marilyn Cady.

Resolving Client Shame 6 hours
This workshop will focus on a model for understanding and exploring shame issues, and the impact of those issues on recovery and relapse. We will apply evidence-based counseling practices that support the client’s resolution of their shame issues. Led by Sarah Wheeler, CADC II

Public Spirituality 6 hours
This workshop will introduce a framework for addressing a person’s spiritual life, using a common language that honors ones unique spiritual identity. Participants will become familiar with the workbook, 7 Steps to Finding your Spiritual Life which features a strength-based, spiritually-grounded approach to recovery. Taught by book’s author, Lisa Langford

Theories of Addiction Treatment and Counseling 12 hours
This two day course covers 54 traditional counseling theories, and principles of effective drug treatment. This course is designed as a refresher for the theories section of the National Certification Examinations. Includes test taking strategies. For counselors with less test taking experience. Presented by Eric Martin, M.A.C, CADC III, CPS.

The Teaching Side of Treatment 12 hours
Develop good teaching materials with or without fancy technology. Participants will learn the principles of learning and teaching, and how to apply them to special needs of addicts in treatment. Leave with the beginnings or more of a usable teaching product. Participants will need to bring their own laptop computer and materials for developing a teaching module. Presented by Johnson, M.A.

Treating Marijuana Dependence 6 hours
This one day course covers NIDA best practices with marijuana dependent clients, educating clients around the scientifically-defensible research on the health consequences of marijuana use. The increasing potency of marijuana and neuropharmacology of THC. Review of Marijuana Treatment research and the CYT EBP. Presented by Eric Martin, M.A.C, CADC III, CPS.

Client Counselor Boundary Issues: Resolving Transference and Countertransference 12 hours
This two day course will enhance skills in recognizing and resolving transference and countertransference with addiction treatment clients, enhance awareness of counselor vulnerability for boundary problems, and will assist in developing a plan to avoid and/or resolve boundary violations. Presented by Johnson, MA

Co-Occurring Disorders: Screening and Assessment 12 hours
This workshop will review the principles of COD-substance abuse and mental health disorders and criminality, in light of substance-induced brain injury. Participants will practice using validated screening and assessment instruments using TIP 42. Taught by Nikki Johnson, MA
Evidence Based Practice Workshops

Addiction and Personality Disorders 6 hours
This workshop will explore the world view and interpersonal style of clients with Cluster B personality disorders, examine the impact of drug use on the expression of pathology, explore strategies for engagement and retention, and learn to appreciate the “pathology” of early abstinence. This workshop also contains an overview of psychiatric EBP’s with Personality Disorders and overview of the limited research on Co-occurring Disorder EBP’s, including Dialectical Behavior Therapy. Taught by Nikki Johnson, MA

Curriculum-based Motivational Group 6 hours
This workshop will provide you with everything you need to facilitate a five contact motivational group. Every activity is designed to further client motivation. A manual with rationale, structure and reproducible handouts is provided. Taught by Ann Fields, M.Ed., CADC III

Managing Client Records with ASAM 12 hours
ASAM Made Easy has been morphed into a two day workshop. The most common finding State Auditors have with client records is treatment plans. Adding this to ASAM should be a great help to people struggling with paperwork. Taught by Kathy Tomlin, MS, CADC III, LPC

MI: Theory and Practice 12 hours
This workshop will ground participants in the theory and skill of this evidence based practice. Participants will practice the skills and strategies of MI. Presented by MI author Kathyleen Tomlin, CADC III, LPC

Treating Codependency 6 hours
Counselors will learn to help clients recognize codependent behavior as an ineffective attempt to get needs met. Participants will learn a structured process to teach clients how to assess themselves and how to support clients in the process of improving functional capacity. Led by Sarah Wheeler, CADC II

Dialectical Behavioral Therapy 12 hours
This workshop emphasizes developing an understanding of DBT and the foundation for developing the skill set necessary to use DBT effectively with a wide variety of clients. DBT helps empower clients to improve emotional containment and develop skills to improve functioning. Participants will gain experience by practicing specific DBT techniques. Taught by Cathy Moonshine, Ph.D. CADCIII

Principles of Understanding Addictions and the Family 12 hrs
Designed to provide an overview of the theories, addictive processes, roles and relational problems that emerge in treatment of families with addiction. Will provide foundation for a future series of one day workshops that will explore special topics on Families and Addiction: Relationships and Addiction, and Treating the Adolescent in a Family. Taught by Kelly Washam, MA, CADC I

Clinical Supervision 28 hrs
Designed to enhance skills for new and experienced clinical supervisors in addiction treatment. Will focus on the specific supervisor roles of assessing and coaching counselors in the skills, knowledge and attitudes (KSAs) necessary for counselor professional development. Uses ATTC curriculum. Taught by Maureen Jenne, MS, CADC III and Janese Olalde, CADC II, CGAC II

Treating the African American Client 6 hrs
This long overdue workshop helps counselors develop ability and commitment to assertively address issues of race in treatment. The African American experience, roles of race in relationships and counselor awareness are explored. Taught by Harry Watson, BA, CADC II and Sam Brown CADC I
