**House Bill 2442**

by Eric Martin

House Bill 2442 passed in the last legislative session and became an active law on January 1, 2010. HB 2442 is difficult to understand and it’s not entirely clear who this bill applies to, however, it essentially mandates a criminal background check on staff who work in a variety of settings including Residential Alcohol and Drug Treatment. It also states that it includes staff who have contact with the recipients of Residential Alcohol & Drug Treatment. Here is some of the actual language in this newly adopted law:

(2) Public funds may not be used to support, in whole or in part, the employment in any capacity having contact with a recipient of home health, in-home care or support services or a resident of a residential facility or an adult foster home, of an individual who has been convicted:

(a) Of a crime described in ORS 163.095, 163.115, 163.118, 163.125, 163.145, 163.149, 163.154, 163.175, 163.185, 163.187, 163.200, 163.205, 163.225, 163.235, 163.265, 163.266, 163.275, 163.465, 163.467, 163.535, 163.537, 163.689, 163.700, 164.055, 164.057, 164.09, 164.125, 164.215, 164.225, 164.325, 164.377 (2) or (3), 164.405, 164.415, 165.022, 165.032, 165.800, 165.803, 167.012, 167.017, 167.054 or 167.067.

(b) Of a crime listed in ORS 181.594;

(c) In the last 10 years, of a crime involving the delivery or manufacture of a controlled substance;

(d) Of an attempt, conspiracy or solicitation to commit a crime described in paragraphs (a) to (c) of this subsection; or

(e) Of a crime in another jurisdiction that is substantially equivalent, as defined by rule, to a crime described in paragraphs (a) to (d) of this subsection.

(3) Subsection (2) of this section does not apply to a peer support specialist.

Interpreting this law is difficult and state agencies like the Addiction & Mental Health Division, The Department of Justice, and the State's Criminal Background Check Unit are in the process of clarifying this law and its scope of impact.

1. If you want to review HB 2442 in its’ entirety go to www.ACCBO.com.

2. If you are asked to articulate a narrative written report regarding your criminal history, be sure to include everything! Recent experiences have taught us that individuals that omit details about their criminal history are often subjected to further scrutiny and vetting.

3. Email your stories to ACCBO. If you have a story to tell regarding recent events and criminal background checks that have resulted in unusual vetting or termination of employment - tell us. We need to collect the stories of addiction professionals who may have suffered as a result of this and other laws that are excluding those with criminal histories from the addiction treatment field.

See next page for complete description of these exclusions.
Under House Bill 2442 individuals convicted of any of the following crimes would be ineligible to work in Residential Alcohol & Drug Treatment. Additionally, language in the Bill is unclear where it states, “(staff) having contact with a recipient … of Residential treatment.”

Do you have challenging marijuana primary clients?

Up In Smoke is a four hour educational intervention for marijuana primary clients. Up In Smoke is NOT a treatment program. It is an adjunctive 4 hour intervention that can be used with your treatment clients.

Up In Smoke is used by DUII treatment programs, EAP’s, probation/parole officers, drug courts, judges, attorneys, county evaluators, the Oregon Board of Pharmacy, and the OHSU Transplant Unit.

Currently, the Up In Smoke 4-hour intensive educational intervention course is offered in Roseburg, Portland, Hillsboro and Clackamas.

**Announcement to ALL CADC's**

The ACCBO Board of Directors has ruled in favor of a new Recertification Policy that will go into effect June 2010.

Effective June 2010, all CADC’s must submit 6 Hours of Continuing Education in Ethics upon every renewal of their certification, as a part of their 40 hours of continuing education.

“Every counseling profession in the U.S. now requires 6 hours of ethics upon renewal of licenses and certifications. ACCBO is maintaining its commitment to assuring that all CADC’s meet minimum industry standards. Additionally, we believe that a constant reminder of our ethical obligations will assist in reducing the volume of ethics complaints ACCBO and other licensing/certification organizations must continually process and will increase the safety of our field.”

- Ron Fisher, ACCBO President
